Savi™ Office

Integrate PC and desk phone communications, with one wireless headset

Work smarter with the versatile and powerful Savi Office – the wireless headset system that connects to multiple communications applications and devices – desk phones, PC softphones and PC audio. Enjoy maximum versatility and superior audio quality with the intelligent Savi Office.

Key features

Outstanding sound quality

- Wideband for best PC audio telephony
- Noise-cancelling microphone filters out background noise
- Digital Signal Processing (DSP) provides more natural voice sound

Superior call management

- One-button call control manages PC or desk phone calls
- Connect and mix a softphone call on your PC with a call on your desk phone at the touch of a button
- Conference up to four Savi Office headsets
- Freedom to roam up to 115 metres

Innovative design

- Variety of lightweight wearing styles
- Intelligent enough to increase or decrease its radio strength depending on the distance from the PC, ensuring optimum battery use
- Software support for personalised settings such as ring tones and volume
- Personalised settings such as ring tones and volume

Backed by Plantronics global service and support
