Unify PH HQ DA (PM 1) Sales Circular No. 08/2015

Sales Release (M2) DECT Handset: OpenScape DECT Phone SL5

With immediate effect the DECT handset OpenScape DECT Phone SL5 will be released for sale to the direct and indirect sales channels in the Cordless countries.

General release (M3) is planned for September 7th, 2015.

The OpenScape DECT Phone SL5 is the **slimmest and smallest DECT handset in the portfolio**; it satisfies the most stringent requirements in terms of high end functionality and design and suits perfectly to various jobs.

From the high-quality handset with silver front side, to the **large 2.4" TFT color display with modern user interface**, this handset looks exquisite. It offers the **largest display in the handset-portfolio**. The large display is ideal for easy readability by almost identically housing dimensions compared to the predecessor.

The DECT handset OpenScape DECT Phone SL5 supplements as cordless DECT handset the Unify offering for mobile solutions on-campus/ in-house with the DECT-handsets:

- OpenScape DECT Phone S5
- OpenStage M3 family

on the Unify Platforms with HiPath-/OpenScape- Cordless solution.

Handset
OpenScape DECT Phone SL5

UNIFY

Highlights of the OpenScape DECT Phone SL5:

Display: large display (2,4") for easy readability, meant ~33% larger display by almost identically housing dimensions
Keys: Larger keys for easier usage
Audio: 3 Acoustic profiles to change quickly between different environmental conditions (profile loud, silent and personal)
Corporate design: integrated (e.g. colors, Harmonized ringer tone and brand)
Phonebook editor: Language of the Phonebook editor can now be changed between Latin (standard), Cyrillic, Turkish, Arabic and Greek in addition to the handset menus

The handset OpenScape DECT Phone SL5 is the successor of the product OpenStage SL4 professional.
