Chapter

4   *Detailed information*

4.1   Minimum requirements
ALE Aries headsets require at least the following versions to have full support on associated product:

Product	Software version
NOE Deskphones	V5.45.40
8088 NOE	A3.065.0
8088 SIP	No release date yet
Rainbow	R80
IP Desktop Softphone	Q1 2021
Open Touch Conversation	Q1 2021
PIMphony	Test in progress

4.2   Restrictions

4.2.1   Call and Mute buttons

On Aries AH 22 M headset, headset's controller allows to hook-on/hook-off the call thanks to call button and allows to mute/unmute the microphone thanks to mute button.

All versions of deskphones or softphones below recommended version (refer to previous chapter) won't support call and mute buttons.
